

Help Launch Futures

Make a gift to support educational scholarships and reduce what you owe in federal taxes!

A new federal tax credit allows you to direct up to \$1,700 for individual filers, or up to \$3,400 for married couples filing jointly, to fund a scholarship and receive a dollar-for-dollar tax credit on your federal taxes.

For nearly 30 years, the Children's Scholarship Fund (CSF) has empowered families by providing scholarships that help children access a quality K-8 education. In total, CSF and its partner programs have invested more than \$1.23 billion in scholarships for more than 224,000 children nationwide. Now we stand at the edge of something extraordinary.

A New Federal Tax Credit for Scholarship Donations

Now, you have a remarkable new opportunity to expand educational freedom for children all across America.

▶ Beginning January 1, 2027, all individual taxpayers in every state and Washington, DC can direct up to \$1,700, and up to \$3,400 for married couples filing jointly, of their federal tax liability to fund a scholarship through the Federal Scholarship Tax Credit.

▶ This is better than a tax deduction. Unlike a traditional charitable contribution, this new tax credit will allow you to claim a dollar-for-dollar credit against your federal taxes every year, beginning in January 2027, for donations made to Children's Scholarship Fund. It's that simple!

But here's what matters most: This credit has the power to fundamentally transform the educational landscape, giving every child the opportunity to flourish.
